

Peggy Sez ❄️❄️
Peggy Spieger,
OSSA Executive Director

Hello Snowmobilers and welcome to another season of fun on the snow with friends and family

Our equipment is snow-ready and our incredible volunteers are ready as well and just waiting for enough snow to be out there grooming for you. A lot of trail work has been done this fall – again by our incredible volunteers.

Our appreciation and thanks to all of you. You are who makes OSSA a successful volunteer organization.

We have purchased two new snow cats this year. One will go to the La Grande Sno-drifters and the other will go to the La Pine Lodgepole Dodgers. This new equipment is scheduled to be delivered in November so by the time you read this they will already be admiring their new machines. Some transfers have been made to other clubs to upgrade equipment.

Most of you have had your first club meeting of the year with kick-off pot-lucks or banquets. Membership drives are underway via email or mail reminders. It will pay off to send one, two, or even three reminders to your members to pay current year dues. Our membership year is September 1st through August 31st. Set a percentage goal to increase your numbers and work toward that goal by contacting people in the parking lots and elsewhere. Don't forget your local businesses. Perhaps they have never been asked to support your club and OSSA by becoming a member.

We would like to express our appreciation to Gordon Scott, Corporate Graphics & Printing, email: **corporate.graphics.printing@gmail.com** for taking on the task of publishing our Oregon Snowmobile News.

We encourage all clubs to submit club news and pictures by the 1st of each month through March. All of us enjoy knowing what you've been doing and pictures are enjoyed by all. *Contact Gordon if you know of anyone who may be interested in advertising in our paper.*

Our Vice President John Gardner unexpectedly passed away on August 226, 2018 from a sudden heart attack. John was only 61 years old and should have had many years ahead of him. It was expected that John would have been elected as OSSA president at our Diamond Lake convention in January. He had already sat in that position at our John Day board meeting last January and our board meeting August 18th in Redmond. John was the founder of Mt Hood Polaris in Boring, Oregon, a family business that will be carried on by his wife Sue, son John Jr. and daughter Robin. John was a passionate supporter

of OSSA and the Mt Hood Snowmobile Club. He paid from his own pocket club and OSSA dues for many snowmobilers over the years who bought sleds from him. John was the highlight fund raiser at our annual convention each year acting as auctioneer and donating thousands of dollars' worth of snowmobile clothing. He worked to raise funds through the club for the Candlelighters totaling thousands per year. John was looking forward to being OSSA president and had so many ideas he wanted to incorporate. Those of us who knew him will remember him always. Big John was one of a kind.

In September our president Mike Choate was told by his doctor that due to poor health he would have to resign his position as president of OSSA. This means that our immediate past president Vera Riser will be acting OSSA president until elections at our January board meeting at Diamond Lake. We thank Vera for stepping up at this sad time.

Blessings to All.

January 15-20, 2019**

Diamond Lake Resort is an equal opportunity service provider, operating with a Special Use Permit in a recreational partnership with the Umpqua National Forest.

CC Riders celebrated the end of the 2017 season by having the last meeting with a pizza dinner cooked in Ken's pizza oven at his beautiful home. Now a new season is approaching and members got busy on trail maintenance, putting arrows and signs where needed on Bear Creek and Lemolo Lake trails.

Of course chainsaws were still under fire restrictions but luckily there wasn't much cutting necessary.

We are very excited that this year the club got an "up grade" with a newer groomer. There will be a learning curve before the trails are in top shape, but all groomers are anxious to get a chance to run it. We're ready, now all we need is some snow!

- Shirley Wampler

The Hi Desert Stormtroopers is a club in Lakeview Oregon. We have varying terrain from 5,500 to 8,000 feet that includes plenty of powder in open meadows, hill access and over 100 miles of groomed trails along the Oregon/California border. Trailheads are located at the Camas Prairie Sno Park and Quartz Mountain on Highway 140,

Keeping Forest Service Road 3915 open for winter recreation.

Dog Lake and in the towns of Lakeview (via Bullard Canyon) and New Pine Creek, California (via New Pine Creek Canyon).

We'll keep our old Tucker Cat grooming just for you. Beat the crowds and join us for some high country fun this winter in Lakeview.

- Scott Doolittle

Moon Country Snowbusters has started the season off well! We have had several trail clearing work parties, where members have stepped up strong with their volunteer help. Our goal for the trail clearing was to work hard on Trail 5, so hopefully the groomers can get out and groom as early in the season as possible.

We have added a 3rd groomer to our fleet. This groomer will be used in conjunction with other clubs for grooming the more heavily used trails. Wendy and Pat, the owners of Elk Lake Resort, understand the hours and cost of grooming the trails, so they have stepped up their efforts to get more people signed up with OSSA and the clubs. Elk Lake Resort provided a great lunch at our shelter for trail clearing volunteers, they are also giving 10% off to all Moon Country Snowbuster members at Elk Lake Resort restaurant and are working on a fund raiser for us. October 6th Moon Country Snowbuster members along with Mike Merritt, our grooming chairman, spent a long day working on the groomers and getting them ready for the season.

Our first meeting of the season was held on October 15th at the Bend Elks Lodge. We had over 40 people show up for a taco feed and the meeting. Membership so far this year has been incredible. We are excited to see what the rest of the year brings.

October 20th Moon Country Snowbusters along with the Lodgepole Dodgers helped with a swap meet that Procaliber had in their parking lot. It brought memberships to both clubs, along with a great turnout for the swap meet. Moon Country Snowbusters held a raffle with items donated to the club from local businesses that support snowmobiling.

Our club has been working hard on getting new trail maps made for this season with a lot of local businesses stepping up to advertise on the map. We look forward to getting them printed and put into the warming shelters for the general public to use. October 27th after our trail clearing work party, we hosted the 1st Annual Halloween get together at Wanoga Shelter. There were prizes for costumes (donated by several local businesses) Halloween movies, pumpkin carving, caramel apple decorating and a bonfire. We loved seeing everyone get out and enjoy the festivities!

By the time you read this we hopefully have also had a successful night of serving dinner to a local shelter and a movie night up at the wanoga shelter.

Our General Meetings are held the 3rd Monday of every month at the Bend Elks Lodge at 6pm. We would like to see as many people at the meetings as possible, so please join us.

For more information on what we are doing and what we have planned, check us out on Facebook, Moon Country Snowbusters, or send us an email at mooncountrysnowbusters@gmail.com

Moon Country Snowbusters has still been busy! Since the last article we had a very successful 2nd general meeting at Zpizza in Bend Oregon. Our membership is the highest we have seen in a very long time! Until further notice our meetings will be the 3rd Monday of every month at Zpizza, 6 P.M. Please join us.

In November we implemented a volunteer of the Month, and we plan on continuing on with this. As a board we elected Gordon Inman. Gordon is always there to help, whether it is in the kitchen, the shelter, at a club get together or his immense amount of trail clearing hours. Our club appreciates Gordon and we hope our recognition serves as a small token of our thanks!

Over the last few months we have been introducing our officers and board members. We would like to take this opportunity to announce them to the general public. We are all proud to be a part of the snowmobiling and Moon

Country Snowbusters. We all plan to put as much effort into the club as we can.

COLUMBIA GORGE POWER SLEDDERS

Greetings brothers and sisters of the Oregon State Snowmobile Association. We hope everyone had a wonderful Christmas-New Year's Holiday, with lots of friends and family to enjoy the holidays with. And hopefully get to go out and enjoy some time on the trails. December 1st right now as we put together this article for the January issue, we are anticipating snow so let's hope we get a lot.

Columbia Gorge Power Sledders had a busy November, with several work parties accomplishing several tasks, cutting and stacking firewood for our shelters, putting up trail signs, upgrading our grooming shelter with new foam board insulation, installing a propane heater and some new lights. This will be a very nice addition for our members who volunteer their time maintaining and Grooming our trails to make them as safe as possible for everyone to enjoy.

Speaking of Volunteers, we would like to thank all of our Volunteers for their hundreds of hours they spent on their own time, just in the month of November this year to be able to get all of these tasks completed that we had set as goals earlier this

fall. This is what makes our sport so great, and unique, the participants helping with all of the chores that needs to be done to ensure a safe, enjoyable and memorable experiences in all of our riding areas around the state.

We would like to mention and congratulate our local football team, The Dufur Rangers and their 4th straight Oregon State Football Championship Win! Way to go Rangers! Looking forward to seeing and sharing stories with everyone at the OSSA Convention, January 15-20th at Diamond Lake. Go to their web site for the OSSA 2019 Convention at www.oregonsnow.org to see all the scheduled events and sign up forms for rides and dinner.

Have a safe and enjoyable snowmobiling season. Pray for snow. See you on the trail.

CGPS President, Marv Hansen

NEWS FROM THE PANHANDLE SNOWMOBILE CLUB

We hope everyone enjoyed his/her summer. Our club is two meetings into this season. Our first meeting included a great BBQ by Denny Oliver with lots of good sides and sweets. Our second meeting was October 9, with only 15 members attending. The club has 56 paid memberships as of this date.

Sunday, Oct. 21 seventeen members picked up the highway between Richland and Halfway. There is always lots of stuff blown out of the boats and flat-bed pickups and lots of beer cans.

Our groomer is just about ready to go, but will have new tracks put on the back. Now it's time for our snow dances.

In September our club served breakfast for Cycle Oregon. 5 am was pretty early, but we had a good turnout for the event.

Whitey Bloom, Mike Herold and Butch Michaelsen started putting up new signs along snowmobile routes. People must really like them since so many needed replacing. They are hop-

ing to get them all up before the snow flies.

Our meetings are the second Tuesday every month. The potluck is at 6:30 pm at the Snow-cat Shed and the meeting starts about 7 p.m. If you are in Halfway, you are welcome to attend. Everyone needs to start doing his or her "snow dances". So far, Cornucopia Lodge has 18 inches. Yea! Denny Farwell has been busy getting our "new" truck ready to carry the Sno-Cat. It's looking good.

The club held our meeting on Nov 13th. The meetings are always the second Tuesday of each month and everyone is welcome. We have a yummy potluck before the meeting. And there is a drawing at the end of each meeting for \$10.

The Christmas season has ended. Whitey Bloom, Mike Herold, & Butch Michaelsen put up the shooting star decorations for the City of Halfway. Reggie and the city's JCB helped them out.

We cut and decorating the City Tree, which was in front of the Tri-color building across from Wild Bill's.

Just a reminder to get your lodging for our annual POKER RUN, which will be held President's Day week-end in February FEBRUARY 17. Available places include Halfway Motel & RV Park, Pine Valley Lodge, Main Place Hotel and Cornucopia Lodge.

Submitted by Mary Herold, Secretary

We had our annual Christmas party at American Marine & RV on Tuesday December 11th. We had about 50 people show up for this potluck event. It was great to catch up with everyone, and there was so much food, that we had to find another table to put it on. We would like to thank everyone who brought an unwrapped toy that we then took as a donation to Toys for Tots.

Besides visiting and eating, we did decide that we would like to submit a proposal to host the 2020 OSSA Convention. We had several people say that they would be willing to help bring this event back to Klamath Falls, as we last hosted it in 2008. We will work on putting the bid together so that we can present it at this year's convention at Diamond Lake Resort (Jan 15th – Jan 20th).

We want to continue to thank all of the businesses that have chosen to sponsor our club this year. Without you, we would not be able to accomplish our goals. We would like to thank Body-Works Physical Therapy for sponsoring at the \$100 level, and for the following businesses for sponsoring at the \$200 and over level: Cummings Roofing, Action Motorsports, American Marine & RV, Lake of the Woods Resort, Black Bear Diner, Line-X of Klamath Falls, Winema Electric, and Dave's Motorsports. If your business or someone you know would like to become a sponsor, please contact Thomas Bentley at 541-892-3992 or tb0059@yahoo.com.

We had 63 family memberships at the end of the year last season. As of the end of November, we were at 50 family memberships. Our goal is to grow the club to 75 family memberships this year. Please work on getting your membership forms filled out and sent in, and work on hitting up other snowmobilers to join the club. We all need to work together to keep our riding areas open.

We have finally gotten enough snow that we were able to get the Tucker out to Fourmile Lake, and the Pisten Bully made it to the end of Cold Springs. I understand that there were a ton of trees down. Thank you to all of the groomer operators for all of your hard work.

We had our first club ride on Saturday December 15th followed by a chili feed at our groomer shed. We had about 35 club members attend the chili feed, and it looked like several people got to go for a ride before eating. I was unable to attend this event, but I heard the chili and chowder were excellent. We would like to thank Dan and Carolyn Riblett for the chili, Kristi and Mike Redd for the chowder, and for Chris and Amy Boivin and Mary Jo for helping clean up after the chili feed. George Gregory came through in a big way by bringing chairs and a heater that got the temperature inside the groomer shed up to 50 degrees. We have purchased our propane heater that will go in our groomer shed. Andy Nemes, Jim Goossen, Dan Riblett, a Ken Crutchfield are working on getting it installed. We would like to thank K & D Auto Body for loaning us a lift to work from while doing the install. We are getting closer to having permanent heat installed in our groomer shed! This will make the 16 club groomer operators very happy.

Our next club meeting will be on Tuesday January 8th at Willy's Pizzeria. We will meet to eat at 6 p.m. and the meeting

will start at 7 p.m. Among other things, we need to discuss our proposal to host the 2020 OSSA convention. We hope to see you there.

Our second club ride is scheduled for Saturday January 12th at Annie Creek snow park. We will meet at the snow park at 9 a.m., and will decide where to ride depending on snow conditions and how many people show up for the ride.

Check out the schedule below for upcoming events.

1/8/19 Meeting Willy's Pizzeria 6 PM

1/12/19 Club Ride Annie Creek 9 AM

We got a lot of our trails cleaned up this summer. It was a wild rush to get everything done before fire season started. A few years ago our past president, Kirk Snyder applied for a grant for a brushing tractor. We have made excellent use of this tractor this past summer, brushing several trails that were almost impassible. Club member Todd Call, spent several days training new tractor operators. This will give us greater flexibility in the years to come. Our entire trails system is in pretty good shape thanks to the efforts of all our volunteers.

With the loss of John Gardner (who was supposed to be our new club president), our board is now running the club without a chairman. As per Roberts Rules of Order we have been electing a chairman for each and every meeting that we have. It looks like this is the way we will be running our club for the rest of the year.

Our first club meeting was very well attended and many people have already renewed their yearly membership. Club member Randy Bolin, who lost his left leg in a snowmobile accident last May on Mt. St. Helens, had everyone on the edge of their seat while he was telling his amazing story. His doctors have never seen an amputee recover physically and mentally as fast as Randy has! When we had our wood stocking party October 13th, Randy was there helping to stock wood. Randy has already ordered a special prosthetic that will enable him to

ride his snowmobile and his dirt bike.

Club member TJ Reilly recently got his Snowmobile Safety Instructor certification. We now have 2 safety instructors in our club. By the time you read this we will have held 2 safety classes.

We will be having club rides throughout the season and will announce them according to snow conditions. Our big event for the season will be our Wounded Warrior that we have scheduled for February 17th.

Our club has been very busy getting our groomer ready for the season, stocking wood and putting out our trail signs. In December we had our annual Potluck and Gift exchange.

Many of you may already know that our club member Randy Bolin, lost his leg in a snowmobile accident last May. That hasn't stopped him from snowmobiling. He found a special "Snowmobile Leg" on the internet and he is actively riding again. At the beginning of the month he even dug the hole for his new parking sign!

Randy will be at the OSSA Convention in January to tell his story!

All Groomed and Ready for Action

To start this article and to put a time-line in perspective, I am writing the first weekend of December. We have had a VERY decent snow of about 6 – 8 inches here in Crescent Lake Junction and riding HAS taken place. For those of you that are our Facebook fans, you’ve seen that I was happy to help one of our members, Mark Russell, take his sleds on their first ride along with our President, James Wilson. This began with a ride to Odell Resort where a delicious lunch was had followed by a ride around Crescent Lake, ending up in the small sno-park where we ran into a couple other WRR members, Jary and Annie Winstead. They’d been riding as well and had been to Big Marsh and back.

On November 17th we held our annual Club Kick-off Dinner at the Mohawk Restaurant in Crescent after many of us attended the yearly CPR/ AED/ First Aid Training. Walker Rim Riders provides this class by member Sally Carlson to be sure we are properly certified in case of an emergency and to maintain other certifications for our Grooming team led by CJ Price and those that use chainsaws in the course of our never-ending maintenance of the trails and warming huts.

But – back to the dinner... it was well attended and we had an AWESOME meal of prime rib beginning with salad and including all the delicious additions with a scrumptious pumpkin dessert to finish it off. We talked about the upcoming Christmas Party on December 8th that members Alex Wickersham and Amber Ellis are preparing the fun for and who, by the way, managed to win 2 of the giveaways that night – a cool fire pit and a popcorn pail full of treats. The other big winners that night were those that got to take home additional full dinners of prime rib and all the other goodies that came with it – Doug and Diane Wardell and Gary Holtz. The Mohawk did a great job with the food and the waitresses were attentive and made sure we had everything we needed and decorated the tables beautifully down to snowmobiles on the tables.

We were missing President James Wilson that night as he was working long hours over the last week at the Camp Fire blaze with the Crescent Fire Department who deployed when it was clear that many, many people were needed to handle that terrible event. Our club thanks him and all the other emergency service workers that fought not only the fire, but spent the time making sure the scene after was made safe for families to return to their homes.

As I sit here and look out at the sun glimmering on the snow while a soft snow falls, I have high hopes of a great season with a couple of rides scheduled as we anticipate the 2019 OSSA Convention – a New Years’ Eve ride to Crater Lake and a lunch ride to Elk Lake on January 12th.

Sue Ward, Secretary Walker Rim Riders

LaPine Lodgepole Dodgers

Some Facts and Figures That Say A Lot About You

In 2018 there were 124,786 snowmobiles sold worldwide; 53,179 were sold in the U.S. and 47,024 were sold in Canada. There are over 1.2 million registered snowmobiles in the US and 600,000 registered snowmobiles in Canada. There are an estimated 136,853 miles of signed and maintained snowmobile trails in North America that have been developed by snowmobile clubs and associations, usually in cooperation with federal, state and local governments. Wisconsin has the most registered sleds at 230,630 and also has the most miles (25,000) of signed and maintained snowmobile trails. Oregon is way down on the list at 13,150 registered sleds and 6410 miles of trails.

Snowmobilers in Canada and the United States spend over \$34 billion on snowmobiling each year. This includes expenditures on equipment, clothing, accessories, snowmobiling vacations, etc. Over 100,000 full time jobs are generated by the snowmobile industry in North America. Those jobs are involved in manufacturing, dealerships and tourism related businesses.

Today, with more than 4 million riders, snowmobiling is a major winter recreational activity and a significant factor in increased winter tourism in much of Canada, the snow belt of the United States, in Northern Europe, and in Russia. The majority of snowmobile owners are married and have children. The average snowmobiler is 45 years old, rides 125 miles per year and spends \$2000 each year on snowmobile related recreation. 95% of snowmobilers consider snowmobiling to be a family activity. 51% of snowmobilers ride from their primary or vacation home, the remaining 49% trailer their sleds to riding areas. The main reason people snowmobile, according to a Montana State University study and research conducted by Consumer Insights includes:

- To view the scenery.
- To be with friends.
- To get away from the usual demands of life.
- To do something with their family.
- To be close to nature

There are over 3000 snowmobile clubs worldwide. Snowmobile clubs are non-profit and volunteer driven; they are grassroots groups based in local communities. In addition, there are 25 state associations in the U.S. and 13 provincial and territorial snowmobile organizations in Canada. Snowmobile clubs work with governmental associations/organizations to carry out numerous recreational and community service programs by:

- Constructing, maintaining and mapping trails and working with government officials and landowners on surveying and designing trails;
- Sponsoring snowmobile outings and year-round social activities;
- Monitoring and initiating legislation
- Participating in public hearings and commenting on government proposals;
- Conducting safety and maintenance clinics and volunteering their services as certified safety training instructors;
- Providing vital services to sheriff’s departments, police and civil defense units by organizing specially trained search and rescue units.
- Fundraising over \$3 million annually for organizations such as: Easter Seals, Special Olympics, Multiple Sclerosis Foundation, Pine Tree Camp and Make-A-Wish Foundation, Toys For Tots, Candelighters-For Children With Cancer.

Snowmobilers have historically “paid their own way” for the development and maintenance of snowmobile trail systems. Trails developed with snowmobile funds directly benefit other outdoor recreationists. During the non-winter months, many of these trails are used for hiking, horseback riding, bicycling, and other trail-based activities. Funding for public snowmobile trail systems, paid for by the snowmobile user, include:

- Registration Fees
- Snowmobile gas tax
- Trail permits
- Volunteer trail construction and maintenance
- Snowmobile user fees

All of these facts and figures tell me one thing ... we are a very large group of very good people. We must be very productive members of society in order to stimulate the economy the way that we do; we cherish our friends and families and love to spend time with them; we are a physically active group and don’t spend much time on the couch watching football on weekends; we are nature lovers who care about our environment and go the extra mile to take care of our environment; we are hard workers and see the value of using our hard labors to give back to our communities; we understand the need for rules and regulations and jump at the chance to be part of the decision making process when new rules are necessary and old rules need to be tweaked; we are serious about snowmobile safety, for ourselves and other trail users alike; we are a generous group and understand how “the whole is greater than the sum of the parts” when it comes to expressing our generosity; we not only pay our own way but we help pay the way of others.

I think that you owe it to yourself to reach over your own shoulder right now and give yourself a pat on the back ... thanks for keeping snowmobiling great!

The Lodgepole Dodgers receiving their brand new 2019 Prinoth Bison!

We improved our trail system and added many miles of groomed trails this year. We’ll now be able to cross Hwy 126 with the groomer and groom all the way to Tombstone Pass. Our woodcutting party on Sep. 22nd was a terrific success due to the combined effort of the Oregon Nordic Club, the USFS, and MJSC members. Thanks to Steve Duch and the numerous volunteers, our Groomer Shelter is near completion.

Oregon Nordic Club, USFS and MJSC members during the wood cutting party

Our annual Movie Night was held on November 16th. We shared our common passion for riding by watching some unbelievably talented snowmobilers on the big screen, while we raffled off lots of prizes donated by our generous sponsors!

Several club members attended Search and Rescue Training on Nov 17-18 sponsored by the Linn County Sheriff’s Department. Our club is looking forward to continuing to support the Sheriff’s Department Search and Rescue team as we have during the past 3 years.

We had an Avalanche Awareness Class at on December 19th prior to the start of the Club meeting at 7:00. During the Club meeting, Santa made a special visit and handed out presents. Club meetings are at Pietro’s Pizza – 3rd Wednesday of each month at 7pm.

RIDE SCHEDULE:
January 12th – club ride at Ray Benson (Snow permitting to the Rock House)

January 15th-20th – OSSA 47th Annual Convention at Diamond Lake

February 2nd – Breitenbush Ride

February 16th – Valentines Ride at Ray Benson

February 22nd-24th – Paulina Ride

March 4th- 10th – Tentative Club Trip (location TBD)

March 16th – Wounded Warrior Ride at Ray Benson

March 23rd – Club Play Day

March 30th – Club ride at Ray Benson

Note: Club rides are subject to change

Rogue SNOWMOBILERS SOUTHERN OREGON

It is with great sadness that I am writing this month's letter. We lost a great friend to many of us, but also a great snowmobiler and friend to the sport. Gene Bowling passed away October the 11th at his home with his family surrounding him.

Gene and his Wife Bonnie joined our club in the mid-80s and the rest is history. They became involved with grooming and I'm not sure how many thousands of miles of trails they must have groomed, but it was a lot! Gene was a 20 year board member of the club, 4 time winner of Snowmobiler of the Year, and also was once the winner of the Oregon State Snowmobiler of the Year. Gene

was instrumental in getting approval for and then played a huge part in the building of 10 warming shelters and 11 wood stoves. For 30 years Gene was our liaison for the Forest Service, BLM and the other user groups on our Public Lands. In 2014 we awarded Gene and Bonnie the Rogue Snowmobiler Lifetime Achievement Award for their dedication to our Club. This is just a very small and incomplete list of contributions Gene made to our Club. We, the Club, we, the members and the sport of snowmobiling have all benefitted greatly from the dedication that Gene and Bonnie have always shown. Thanks Gene, you will be missed!

The Bowling Family has asked that in lieu of flowers, we donate money to the Candlelighters. If you would like to donate, the Club is taking care of receiving the money and then making out a check in Gene's name to Candlelighters.

I don't have much more to say for this month's letter. I know by the time you read this we will have had our Big Work/Fun Party and our wood sheds will be full and we will have completed some trail work.

One BIG event that I wanted to let everyone know about is, a **Snowmobile Raffle**. Dan's Motor Sports Outlet and the Rogue Snowmobilers have teamed up to raffle off a 2019 ZR200 Arctic Cat Snowmobile. Tickets are \$20.00 each and can be bought from any board member for now, or as soon as possible, we will get them to the member's hands for selling. **We will have the drawing at the OSSA State Convention in January at Diamond Lake. Proceeds will benefit Candlelighters and the Rogue Snowmobile Club.**

You can buy your ticket at our web site, (address below), and we will send it to you.

<https://roguesnowmobilers.com/arctic-cat-zr-200-snowmobile-raffle-rogue-snowmobilers-dans-motorsports/>

I hope to see all of you out on the snow VERY soon!

Thanks and Think Snow!
Dennis

Arctic Cat ZR 200 Snowmobile Raffle – Rogue Snowmobilers & Dan's Motorsports

Drawing held at the OSSA State Convention in January at Diamond Lake.

CLUB UPDATE

by Bob Smith, Vice President

Hi Snowmobile Friends and Winter Sports Enthusiasts We are getting closer to kicking off our 2018-2019 snowmobile season at Tollgate. November 3rd was our first board meeting of the season to make plans for winter activities at the TTF. We talked about including side x side's and snow bikes in our ride schedule. We want the club to be welcoming to all over the snow motorized winter sports vehicles that are approved by the Forest service. Even though the club may not be able to sanction them without amending our by-laws, the plan is to bring it before the general membership for a vote. In the meantime, as long as they meet the width requirements as set forth by the US Forest Service they are legal to ride on the trails. Our primary focus is on rides on the TTF trail system. However, we would like to have a couple of weekend trips. One possibility is McCall, Idaho the weekend of Feb 8th through the 10th. This would avoid the busy McCall Winter Carnival as lodging could be a problem. Halfway, Oregon is another get away option. With the Alpine Outpost Restaurant now fully operational we would like to show our support

by having them either cater or dine in their restaurant after some of our monthly TTF Club general membership meetings.

GROOMER REPORT

– Jess Thompson
TTF Groomer Chairman

We have spent 70 hours working on both groomers summer through fall, 900 miles driven to/from the mountain, 15 hours driving to/from mountain to work on the groomers. We spent \$3,325.00 on both groomers to get them ready for the season. We also spent \$4,530.00 on diesel fuel for the next season. Thanks to OSSA for providing us with these funds. The groomers are ready, waiting for the season to start. I did spend some time patching on the roof of the groomer shed, and with this latest rain only had 1 small leak. I am going to start replacing the 100 watt bulbs in the lower shop with LED bulbs as there are 17 of them which consume 1700 watts when they are on. I had one surcharge this last spring of \$90 for 1 day of being over the kilowatt limit, as we are considered a business instead of a residence. This is a new policy that UEC put in this last year for the spike in electrical use. We had a spike in elec-

trical use for one hour as we had all the lights on, air compressor running, and the heater running. I have talked to UEC about this to try to get us changed to the same rate as a residence. I have distributed trail maps to most of the advertisers on the back of the map, except for the Tri-Cities dealers and Lexington. I have volunteers lined up to get those out. This is the last year on the 4 year cycle on the trail map, so there will be a new map next season.

Thanks to Larry Randall, John Manderschied and Tony Glover of the USFS for working with me to try to fix the water problems at Woodland highway crossing and the Spout Springs marsh area. They have placed logs in both places, and a small culvert at Spout so we can build a snow bridge over the water. If this does not work, we will be looking at putting a culvert at Woodland crossing and improving on Spout.

TenEyke Meadow will still be a problem if we have a warm, wet winter like it started out last winter. The club will hopefully be successful in coming up with a solution in the future, because it is on private land. Thanks to Allen Thompson, Doug Watson, Kurt Entze, Larry Mahana, Buckshot

Carter for helping me get the groomers ready this summer.

Calendar dates to keep in mind are as follows:

Jan 5th General meeting
Jan 15-20 OSSA Convention,
Diamond Lake Resort
Feb 2nd General Meeting
Feb 15th-18th WSSA
Winter Rendezvous –Hill's Resort
on Priest Lake, Idaho
Mar 2nd General Meeting,
Elections, Steak Out!
April 6th End of Year party
(At the Wildhorse in Pendleton!)
TTF Swag for Sale
Long Sleeve - \$20
Short Sleeve - \$15
TTF Hats - \$15
They are on display at the clubhouse
for you to check out.

We will have updates on our website!

The weatherman on TV says to expect snow any day. We are ready with the groomers set to go. The clubs are getting the season started with several events planned.

We have lost a good friend and a strong voice for our sport with the passing of John Gardner, our Vice President. Our prayers go out to his family.

Mike Choate, President has resigned his position at the request of his doctor due to his health. With these changes I have agreed to step back into the presidential position.

The ACSA calendars are here. Contact your District Director to purchase one for \$20.00. Many of us have won over the years. They have a drawing every day so you have 365 chances to win something.

The convention plans are underway for a great time at Diamond Lake Resort. It is scheduled for January 15-20, 2019 with lots of exciting rides. Let's pray for lots of snow.

See You at Convention!

Uniting the Snowmobile Community Recreational Trails Program

Ever wonder where the Federal Highway Gas Tax goes every time you fill your sled? It goes into a special fund - the Recreational Trails Program. Based on a formula, these dollars get sent back to each state for distribution to trails.

U.S. Sen. Amy Klobuchar from Minnesota recently introduced the RTP Full Funding Act of 2018 (S. 3604). This legislation will require a study to determine the best available estimate of the total amount of non-highway recreational fuel taxes. The Coalition for Recreational Trails, of which the ACSA is an active participant, requested the legislation as a step toward increasing the federal funding for trail construction and maintenance. The coalition is encouraging other senators to cosponsor this bill.

LAND ACCESS ISSUES ~~ Utah Roadless Rule

Utah Governor Herbert is planning to ask the U.S. Department of Agriculture for permission to thin forests, clear out dead trees and do controlled burnings on protected areas that account for nearly half of national forest lands in the state.

The Governor is seeking to adjust how the U.S. Forest Service's Roadless Area Conservation Rule is applied in the state to allow for better state influence over national forests following a particularly brutal wildfire season.

The effort is intended to give forest managers the flexibility they need for projects to make forests more resilient and protect watersheds, air quality and wildlife habitat.

California National Forests

Five National Forests in California are currently progressing through the Over Snow Vehicle process. This process will designate areas and trails that will be available for snowmobiling.

The Plumas National Forest has just released their DEIS. The DEIS is now available for review and comments. Comments will be accepted through December 10th.

The DEIS is online at: http://www.fs.fed.us/nepa/nepa_project_exp.php?project=47124.

Changing Places ~~ Changing Faces

David Vela was nominated to serve as the National Park Director in August. He currently serves as Grand Teton National Park Superintendent. A seasoned National Park Service leader, Mr. Vela has served at every level of the organization with distinction throughout his career. He has a long track record of leadership on behalf of the people and places of the National Park Service.

The Senate Committee on Energy and Natural Resources has scheduled a full hearing for the nomination of Mr. Vela on Thursday, November 15 at 10 am EST.

In case you missed it....

Before the Senate left Washington for campaigning, they set up a few issues to deal with in the upcoming lame duck session.

The Department of the Interior is waiting for their final appropriations for FY 2019. This budget includes all of the public lands. Staffers from the Senate/House Natural Resources Committees are already having informal conversations about the makeup of an omnibus public lands bill.

Beautiful Day and Snow
in the High Country
on New Years Day!

Wow! We were blessed with some great snow-just in time for the Holidays! The New Years Eve chili feed at Three Creeks Shelter was enjoyed by all who attended. Thank you Nick and Cheryl setting this up! Awesome weather and snow for the New Years Day ride-thank you Roger for leading! The groomers have been really busy! Check out the pictures we sent in-taken by Roger and Nick. We are all looking forward to 2019 and some memorable snow days! - Kathy West for Sisters Sno Go Fers
